Your local op shop guide

In partnership with

Purchasing clothes from op shops is one of the easiest ways you can reduce your carbon footprint and switch to a more sustainable wardrobe.

One of the key issues with fast fashion is its short shelf life. Approximately 84% of new clothes purchased in Australia each year ends up in landfill.

Hunting for second-hand treasures in your local op shop is not only a great choice for our environment, it saves you money and is a lot of fun.

Let this be your guide* to sustainable shopping in the City of Maroondah, City of Knox, City of Manningham, City of Whitehorse and the Shire of Yarra Ranges.

* This guide is not intended as an exhaustive list. Further information on local op shops and their opening hours can be found online.

“Purchasing your clothes from op shops allows you to move away from the trend cycle and find your own personal style. When you buy second-hand you’ll have clothes that express who you are, make you look and feel great and you’ll keep them for much longer than fleeting trends.”

– Nina Gbor, EcoStyles
