Unique Location/Context	*	Aesthetic Value		Aboriginal Culture	*	Good example of indigenous species

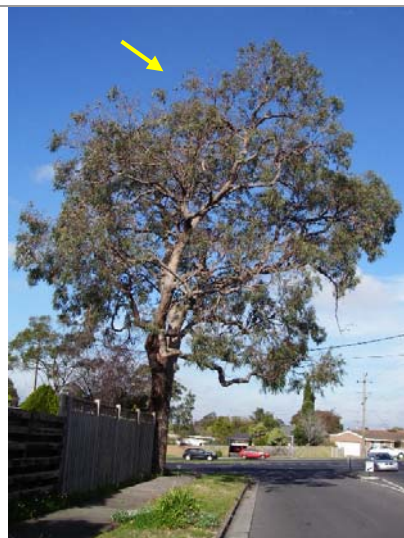

Statement of Significance:

Trees #1 are an avenue planting of Narrow-leaved Black Peppermints down either side of the driveway. No individual tree in this avenue is significant but the planting of the trees as a group is significant. There were about two trees that were dead in this avenue but the rest were of reasonably good health and structure. They are typical for their species with a number of tight forks throughout their structure. This avenue should be included in the Register. Trees #2 and 3 are good examples of their species. Assessment was done from outside the fence as access could not be arranged but they appeared of good health and structure and contribute to the overall amenity and character of the area that is adjacent to Bellbird Dell. All these trees should be included within the Significant Tree Register.
