Vehicle Crossing Application Addendum

Complete this section for Vehicle Crossings only

Please provide drawing of site (not to scale) showing proposed crossing location in relation to all Council and public authority assets such as trees, drains /drainage pits, poles, signs, water, electrical, and telecommunication services, as well as vehicle crossings to adjoining properties, preferably with dimensions:

PLEASE TICK RELEVANT BOXES

Is there an existing vehicle crossing at this property which is proposed to remain? Yes No

Type of crossing proposed to be constructed:

- Multiple crossings into the property No: _____ Width of property: _____ (Properties less than 20m wide are unlikely to have a second vehicle crossing approved)
- Single vehicle crossing less than 3.6m wide
- Relocate existing crossover
- Crossover greater than 3.6m wide Width? _____

APPLICATION FORM – REQUEST FOR INSPECTION FOR VARIOUS PERMITS (Includes works on arterial roads)

Does a planning permit apply for this crossing?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
If yes, please provide planning permit number: WH/_____		
(A copy of the endorsed plan must be attached. A search fee is applicable for Council to search details of a planning permit. Contact Council's Planning and Building Department on 9262 6303).		
Is there a heritage overlay on the road where crossing is to be constructed?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
To find out if there is a heritage overlay, contact Council's Planning and Building Department on 9262 6303. If yes, a planning permit will be required. For further information, refer to Planning and Building Department.		

Conditions of Inspection

Consent for works to be undertaken by the nominated works manager, if granted, will be subject to the works being conducted in accordance with the details contained within this application whilst meeting the requirements of the *Road Management Act 2004*, the *Road Safety Act 1986* and their associated Regulations and Codes of Practice and the conditions of consent outlined below.

1. The granting of the consent does not exempt the proponent from the requirements of other Commonwealth and state legislation or policy.
2. The proponent shall conduct the works in accordance with the requirements of the Code of Practice for Managing Utility and Road Infrastructure in Road Reserves and the Code of Practice for Worksite Safety – Traffic Management in Road Reserves.
3. The proponent acknowledges and agrees that its entry and occupation of the site and the carrying out of the works is entirely at its own risk and responsibility in all respects.
4. The proponent shall conduct works in a manner that protects the safety of the general public.
5. The proponent shall indemnify Whitehorse City Council against all liability arising out of the works undertaken, the failure to reinstate any roads to their prior condition, where the Proponent or its agents have been negligent in their performance of the work.
6. The design and construction of the stormwater drainage system up to the point of discharge from an allotment must be approved by the appointed Building Surveyor. That includes the design and construction of any required stormwater on-site detention system. This permit does not provide approval for any of the internal stormwater drainage system or on-site detention system. The proponent is to submit certification of the design of any required on-site detention system from a registered consulting engineer (who is listed on the Engineers Australia National Professional Engineer Register or approved equivalent) to Council as part of the civil plans approval process.
7. The proponent shall conduct all works in accordance with the approved plans and specifications.
8. Traffic management shall be conducted in accordance with a traffic management plan prepared in accordance with the Road Safety Act, Code of Practice for Worksite Safety – Traffic Management and other relevant legislative requirements. Safe alternative arrangements shall be provided for pedestrians and cyclists where necessary.
9. The proponent must reasonably satisfy itself of the location of any existing underground infrastructure that may be affected by the proposed works, consult with any affected infrastructure managers, and take any necessary precautions to minimise the impact on that infrastructure.
10. The proponent must ensure that the works are directly supervised at all times by adequately trained and competent staff.
11. Whilst undertaking the works, the proponent must protect and preserve existing roadside vegetation and site of biological significance within the road reserve.
12. The proponent shall, as far as is practicable, provide temporary reinstatement for works at the end of each day and where not practicable, provide secure safety barriers to prevent entry of the public onto the work site.
13. The proponent shall, as far as is practicable, undertake work practices which prevent windblown rubbish, mud, dust and other environmental pollutants from leaving the site and impacting on surrounding areas. Any pollutants which escape the site are to be cleaned up daily.
14. The Proponent shall reinstate all road infrastructure damaged as a result of the works as soon as reasonably practicable, to the requirements of Whitehorse City Council Standard Specification. Copies can be obtained from the Engineering and Environmental Services Department, telephone 9262 6177 or at <http://www.whitehorse.vic.gov.au/Protecting-Councils-Assets.html>. Any requirements outlined by VicRoads must also be adhered to at all times
15. The proponent shall be responsible for any reinstatement works for a period of 12 months from their final completion (including any associated repairs to the road infrastructure).
16. The Proponent shall provide two weeks advance notice to the public and other authorities, where affected by the works.
17. Where access to abutting properties is affected, the proponent shall consult with the property occupiers prior to the commencement of the works, and provide for safe and reasonable alternative access arrangements during the works.
18. The works must be covered by a public risk insurance policy with a minimum cover of \$10,000,000 indemnifying Whitehorse City Council & VicRoads, against claims for damage or injury arising from the works.
19. The consent, if given, is in accordance with the information contained in the application and the conditions outlined above. Should the proponent wish to amend any item contained within the application, the proponent must discuss the proposed variation with VicRoads and obtain approval in writing for such variation. Written consent must then be supplied to Whitehorse City Council

APPLICATION FORM – REQUEST FOR INSPECTION FOR VARIOUS PERMITS (Includes works on arterial roads)

ADDITIONAL CONDITIONS FOR NON-UTILITIES

20. The proponent must not pour any concrete or backfill any drainage works until Council has inspected the site. A Council inspection must be arranged at the following works stages:
- a. The base, formwork and reinforcement placement (if any) for concrete works.
 - b. Drainage works prior to trench backfilling.
- Inspections can only be carried out between 9.30am and 1.30pm Monday to Friday.
A minimum of three working days' notice shall be given to Council before inspections are required.
To book inspections, please call the Engineering and Environmental Services Department, telephone 9262 6177.**
21. Vehicle crossings shall be constructed in accordance with Council's specification and relevant standard drawings. These are available from the Engineering and Environmental Services Department, telephone 9262 6177. All of the relevant forms and guidelines are available on the Council's website <http://www.whitehorse.vic.gov.au/Protecting-Councils-Assets.html>
22. Thrust boring shall be used to lay services under concrete and bituminous surfaces.
23. The proponent shall reinstate the work in accordance with Council's specifications and to Council's satisfaction.
24. Should the Proponent fail to comply with any of these conditions, Council may, without reference to the proponent, carry out any work deemed necessary to reinstate the site to its pre-existing condition. Any costs incurred by Council will be at the proponent's direct expense.
25. Please note that under Whitehorse City Council Community Local Law 2014, Clause 3.7 the property owner is responsible for ensuring that a Vehicle Crossing is properly constructed and is not a hazard to the general public. Any consents are to be disclosed to property owners to ensure that they are informed about the conditions of the consent.
26. If the works are unsatisfactory the proponent will be required to carry out any works deemed necessary.

FURTHER MATTERS FOR THE PROPONENT'S CONSIDERATION

This is not a condition of Consent

Before commencing work in the Road Reserve, there may be a need to obtain permits and approvals from other Authorities. These may include:

Electricity no-go zones – Electricity Supply Authority; vegetation clearance – Department of Sustainability and Environment or local council planning permit; planning permit – local council; speed reduction through site; VicRoads Arterial Roads

Privacy Statement

The personal information requested on this form is being collected for the purpose of processing this application and is required under Council's Community Local Law No. 1. The personal information will be used solely by Council for that primary purpose and will not be disclosed to any other party except as required by Law. If you fail to provide this information your transactions with Council cannot be processed. The applicant understands that they may access the information by contacting Council's Privacy Officer on 9262 6413.
