

## MAKE A SPLASH!

Your child's party will be hosted by our qualified staff who will get the fun started with one hour of exciting activities and games suitable to the age and swimming abilities of the party group.

## PARTY HOST

All of our party hosts are trained in water safety and equipped with everything they need to ensure your child's party is jam packed with fun and excitement from start to finish. From decorating the party table, to running games and activities, the party host will manage the entire party for you.

## ADDITIONAL SUPPORT FOR CHILDREN

Aqualink is committed to helping all kids have an enjoyable time at our centre and we aim to offer inclusive parties that are suitable and fun for all participants. Our Program Leaders can tailor birthday party activities for specific needs including children with Autism Spectrum Disorder and Anxiety Disorders. We encourage you to contact us to discuss any additional support children may require within our leisure centre.

## BIRTHDAY PARTY SOCIAL STORIES

Download our social stories and enjoy reading them with your child before they attend a party. These helpful resources are wonderful for children who may worry about new and unfamiliar places.

The social stories show your child what our centre looks like, where they go upon arrival, who will meet them, what games they might play, our staff uniforms and where they can go if they need some down time.

Ask our staff for a copy or download them from our website.
