Decision guidelines

The following decision guidelines apply to an application for a permit under clause 32.09, in addition to those specified in clause 32.09 and elsewhere in the scheme:

- Whether the vegetation in the street setback will contribute to the preferred neighbourhood character and the public realm.
- The potential for trees and vegetation to be provided between dwellings on the same site.
- Whether there is sufficient permeable space that is not encumbered by an easement to enable the planting of canopy trees.
- Development should provide for the retention and/or planting of trees, where these are part of the character of the neighbourhood.
