The levies are current as at 1 July 2022.

Where the Whitehorse Development Contributions Plan (Whitehorse City Council, 2022) provides for a Community Infrastructure Levy of \$1,253, the Collecting Agency will charge the Maximum Dwelling Amount determined in accordance with section 46L(3) of the Planning and Environment Act 1987. Where the Whitehorse Development Contributions Plan (Whitehorse City Council, 2022) provides for a Community Infrastructure Levy of less than \$1,253, that amount will be adjusted annually on the 1st of July each year (or first practical date thereafter) in accordance with section 46LA of the Planning and Environment Act 1987. The Development Infrastructure Levy will be adjusted annually on the 1st of July each year (or first practical date thereafter) by using the Consumer Price Index for Melbourne (All Groups) as published by the Australian Bureau of Statistics.

All adjustments will occur and take effect from 1 July in the financial year in which the adjustment is made.

A list showing the current contribution amounts may be viewed at Whitehorse City Council's City Planning and Development Department.

Payment of development contributions are to be made in cash except as otherwise provided for in the Whitehorse Development Contributions Plan (Whitehorse City Council, 2022).

The Collecting Agency may accept, at its discretion, the provision of land, works, services or facilities as set out in the Whitehorse Development Contributions Plan (Whitehorse City Council, 2022) in part or full satisfaction of the amount of levy payable.

Each net additional demand unit must pay the levy (unless an exemption applies).

Payment of the Development Infrastructure Levy must be made as follows:

- Where the planning permit provides for the subdivision of the land the Development Infrastructure Levy must be paid not more than 21 days prior to the issue of a statement of compliance for the approved subdivision or any stage of that subdivision, or
- Where no planning permit is required, the Development Infrastructure Levy must be paid prior to issue of a building permit under the Building Act, 1993.
- Where the planning permit does not provide for the subdivision of the land the Development Infrastructure Levy must be paid not more than 21 days prior to the issue of a building permit under the Building Act 1993, or

Payment of the Community Infrastructure Levy is to be made prior to a building permit being issued under the Building Act, 1993.

The Collecting Agency may, at its discretion, agree for payment of either levy to be deferred to a later date or milestone, subject to the owner of the land to which the levy relates entering into an agreement under section 173 of the Planning and Environment Act 1987 to pay the levy at the alternative date or milestone.
